LET'S TELL YOUR STORY, TOGETHER

Congratulations on your engagement! We can't wait to hear about your adventure and are so pleased you are thinking about working with us. We are lovers of the ocean, live by the tides and let our storytelling flow in the same way. We have been shooting weddings for 10 years now, and we love every minute! Our relaxed and creative approach to your wedding means that you can forget all about the camera and enjoy every breath of the day. We're all about adventures in the wild, woodland ceremonies, ocean backdrops and capturing the soul in every smile. Our people are the ones who aren't afraid to get outside, the ones who run with the tide, who live with sand between their toes, who adventure into the sunset - who love so freely that anything is possible. Our photography style is ultra-relaxed and reportage in vibe - we blend into your guests as though we were one of them, giving us the perfect perspective from which to engage with the essence of your day.

We love to get creative for your couple shots, finding unexpected locations to capture beautiful, adventurous and truly personal photos that reflect not just what you wore and where you got married, but your personalities, emotions and dreams. We're based in Cornwall, but our adventurous hearts love to wander all over the world to be part of the weddings and visions that we truly connect with.

We can't wait to spill the beans and tell you everything we have learned over the years. As your friend and photographer, we want you to feel confident knowing that no matter what happens on your special day and in the months leading up to it, we will capture every meaningful moment so you can look at them with joy for the rest of your lives. So without further ado, let's dive in!

Philly & Alan*

ABOUT US

We are Philly and Alan, a husband and wife duo living on the north coast of Cornwall with our daughter Zephyr. We met whilst travelling and have been together ever since, sharing a mutual love for surfing and the ocean. Philly founded our business, she's been shooting weddings for 8 years with a degree in fashion photography and Alan came along to learn the ropes soon after. His can-do attitude, pro surfer background and kind soul allows the people around him to relax and feel at home, creating wedding images and film filled with joy and love. Philly's laid back nature allows her to capture you in your truest form, paired with her inherent ability to surround everyone with ease and joy, her photographs capture you with an honest, intimate feel. Our photography and videography style oozes with nature, light and love. When we're not behind the lens, you'll find us on the beach with our little one, surfing or hopping on a plane to chase the endless summer.

'Our whole experience has been great from start to finish and I don't think anyone else could have captured our day the way they did. I came across their Instagram account and thought their ethos and style fit perfectly with what my partner and I wanted for our beach wedding. Philly was enthusiastic and professional when I reached out by email and I immediately felt reassured that we'd made the right choice. We did an engagement shoot with her before the big day and would highly recommend this - my partner hates having his photo taken and she helped him to feel at ease, capturing natural moments that reflected our relationship and emotions. The same was true on the wedding day, I was a nervous wreck and they helped me to feel calm and - most importantly - to enjoy the day and be present. Our photos and video are stunning, I feel like I'm reliving the day every time I look through them. Alan and Philly are genuine, lovely people, and I wouldn't hesitate to recommend them to anyone who is looking for a photo/videographer!'

Alyssa & Keiran

We couldn't be happier with our choice to have Philly and Alan capture our wedding. They fitted in with the relaxed feel of our wedding and they were super professional from the very first contact. They put us totally at ease in the engagement shoot and were so lovely and easy to get along with. We enjoyed the time on the beach with them on our wedding day and we can't stop looking over the photos and watching the video! Would definitely recommend getting the video alongside photos as it really captures the feel of the day and how fun it was!

Personal advice for you and your wedding

We were so incredibly lucky to be able to have these guys as our wedding photographers – their style, professionalism, pure creativity and passion that goes into their work is obvious. Alan made us feel completely at ease in the engagement shoot and on the day. It was more like having a friend at our wedding and the rapport that we built up with him has really shone through in our shots! He managed to squeeze out the best version of ourselves on our special day and the photos are memories that we will cherish for a lifetime. I would not hesitate to use these guys again and can wholeheartedly recommend them as the best photography/videography team that we have come across!

Philly and Alan proved to be the calm amongst the storm throughout our wedding process! Having to move our wedding day forward six months last minute we were convinced we'd have to cancel our booking, but they gladly flipped plans around for our legal ceremony. They captured the most special memories of our day, we regularly look over the photos and every little tiny detail that they filmed – memories that will last a lifetime. When we received our second batch of stunning photos from our wedding party, and a video (which we adore!) we knew we'd made the right choice. With a calm, professional and friendly approach to the whole process we felt at ease straight away, and like both Philly and Alan knew exactly what we were looking for. Numerous guests on both occasions commented on how personable they both were. I couldn't recommend Philly and Alan more highly, and we might just have to plan another party so we can have them back!

FREQUENTLY ASKED QUESTIONS

HOW DO I BOOK?

Fill out our booking form on your initial email, we will then send you an invoice for your £300 deposit to secure your date. You will be booked in when the deposit is paid.

HOW MUCH IS IT TO ADD COVERAGE HOURS ONTO A PACKAGE?

We charge £160 per hour added.

DO YOU SHOOT WEDDINGS OUTSIDE OF CORNWALL? HOW MUCH DOES THIS COST?

We shoot weddings all over the UK and abroad. For weddings outside of Cornwall, we charge 50p per mile. If we need to stay over night, we also charge for accommodation. For weddings abroad, we charge for travel expenses and accommodation.

CAN WE BOOK AN ENGAGEMENT SHOOT?

Absolutely! Our engagement shoots are £250. Due to limited availability engagement shoots must be in Cornwall, it can be anywhere or anything that means something to you!

HOW MANY PHOTOGRAPHERS/FILMERS COME WITH THE PACKAGES?

If you book a photography only package, this includes one of us as your photographer. If you book a photography and film package, this includes two of us, one photographer and one videographer. If you would like to book a second photographer, you can add this as an extra for £700, just let us know.

WHAT HAPPENS IF IT RAINS?

We always advise you to prepare for rain and be flexible in our timings for photographs. We usually work around the rain and grab you when the rain stops for photos. We always recommend bringing along some clear transparent umbrellas to keep you dry!

DO YOU BRING BACK UP CAMERA'S WITH YOU?

In the rare event that a technical issue would arise, we always make sure we have back ups with us

HOW MANY GROUP PHOTOS SHOULD WE INCLUDE?

We like to take a relaxed approach with our documenting, but if you want group shots of your family and friends this takes place after the ceremony. We advise to keep this to no more than half an hour so you can enjoy your reception and recommend a maximum of 10 group shots.

DO YOU FILM THE CEREMONY & SPEECHES IN FULL?

No, this is not a service we offer at the moment. Think of our film as a highlights reel of your best moments. The ceremony and speeches are in the film, mixed with reactions and laughter alongside your favourite soundtrack. This allows us to keep behind the scenes and candid with our videography. We know some may prefer a long, all inclusive film, so we are more than happy to work with other videographers, it's just not our style! You can see examples of our films in our gallery on our website and on our Instagram.

WHEN DO WE TALK ABOUT OUR CONSULTATION?

It's great to chat about your day when you have a good idea of your plans so we can chat about the wedding, however, it is completely up to you when you would like to have your consultation. We send over consultation forms, a final invoice and timeline to fill out two months before your wedding date, if you would like to chat more about your day, just ask!

CAN WE GET A DISCOUNT?

Our packages are tried and tested and help us achieve relaxed and natural results for you. There's no discount if you choose not to have everything offered. We sometimes have special offers on when booking multiple packages, keep an eye on our Instagram for those or ask us when booking.

DO YOU USE DRONES IN THE FILM?

No, we prefer to go undetected on your wedding day and stay behind the scenes, capturing the candid moments that you may miss. Drones are noisy! We do not use them to stay aligned to our true values of documenting your wedding day undetected, as if we were a guest ourselves. We believe our shots are just as beautiful as a drone too!

NOW LET'S GET YOU BOOKED

You will have received a booking form questionnaire in your initial email, fill this out for us and we will be able to send over an invoice for your deposit and a contract to get your date in the diary!

We can't wait to get to know you more and become friends!
