# LET'S TELL YOUR STORY, TOGETHER

Thank you so much for thinking about us to document your special memories. We are so pleased you are thinking about working with us. We are lovers of the ocean, live by the tides and let our storytelling flow in the same way. We have been shooting for 10 years now, and we love every minute! Our relaxed and creative approach to our work means that you can forget all about the camera and enjoy every breath of your shoot. We're all about adventures in the wild, ocean backdrops and capturing the soul in every smile. Our people are the ones who aren't afraid to get outside, the ones who run with the tide, who live with sand between their toes, who adventure into the sunset - who love so freely that anything is possible. Our photography style is ultra-relaxed and reportage in vibe - we capture moments as they happen, of you being you. It's all about the magic in the mundane.

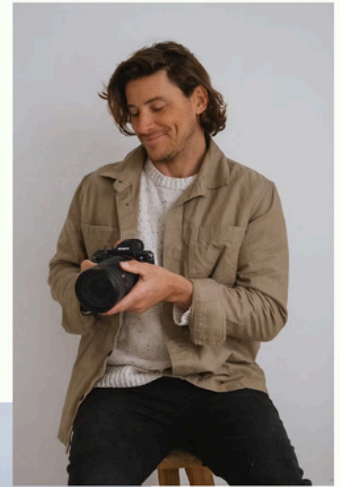

Our sessions are truly an all round meaningful experience, not just a photoshoot but a cherished time with your loved ones documented in an unobtrusive way.

We can't wait to spill the beans and tell you everything we have learned over the years. As your friend and photographer, we want you to feel confident knowing that no matter what happens on your shoot, we will capture every meaningful moment so you can look at them with joy for the rest of your lives. So without further ado, let's dive in!

*with love ,  
Philly & Alan*

## ABOUT US

We are Philly and Alan, a husband and wife duo living on the north coast of Cornwall with our daughter Zephyr. We met whilst travelling and have been together ever since, sharing a mutual love for surfing and the ocean. Philly founded our business, she's been shooting weddings for 8 years with a degree in fashion photography and Alan came along to learn the ropes soon after. His can-do attitude, pro surfer background and kind soul allows the people around him to relax and feel at home, creating wedding images and film filled with joy and love. Philly's laid back nature allows her to capture you in your truest form, paired with her inherent ability to surround everyone with ease and joy, her photographs capture you with an honest, intimate feel. Our photography and videography style oozes with nature, light and love. When we're not behind the lens, you'll find us on the beach with our little one, surfing or hopping on a plane to chase the endless summer.

*We can't express how much we loved our photos with Wild Tide Love. We booked a You, Me & The Sea session with Philly and the whole experience was amazing. Philly made us feel so comfortable, even my partner who usually finds photos very awkward, and somehow created effortless photos that were true to who we are as a couple. The final photos were better than we could have hoped for, they were the perfect blend of natural, fun and creative shots that we will treasure forever. Philly really has a unique eye and manages to capture all the feelings whilst shooting, both intimate moments and the ones full of laughter.*

*Our family photoshoot with Philly was AMAZING. She was so good with our toddler, and really captured our family love beautifully. Thank you so much!*

Feel free to bring anything along to make the time more enjoyable for you, a prosecco picnic, pizza and beers, your swimwear for a dip. Always bring warm clothes for after your shoot! ## FREQUENTLY ASKED QUESTIONS

### HOW DO I BOOK?

Fill out our booking form on your initial email, we will then send you an invoice for your £50 deposit to secure your date. You will be booked in when the deposit is paid.

### WHAT HAPPENS IF THE WEATHER IS BAD?

When we book your date in and we are shooting outside, we book it in as a 'moving date' which means we leave time either side of the date to allow us to reschedule if we need to for weather. We recommend that you keep that in mind and keep some time clear either side of your date. We will always be able to find another date that suits you, so you will always get your shoot.

### WHAT DO WE NEED TO BRING AND WEAR?

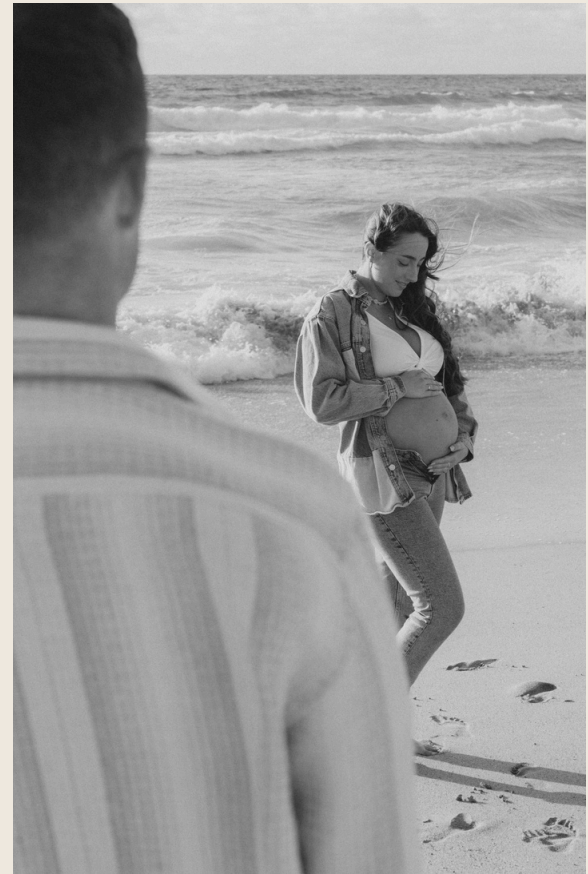

You just need to bring yourselves and wear what you're comfortable in! We recommend you wear complimenting neutral colours, avoid big logos on clothes and patterns. We have a style guide we will send over. If you are outside always bring warm clothes to warm up afterwards. If you want, you can bring blankets to snuggle in. If you would like to really make the most of the hour, feel free to bring anything to make it more enjoyable for you. Maybe you'd love some pizza and prosecco, or a fire and hot choc. Or you want to get in the water for a few shots, we will shoot it all!

### HOW MANY FAMILY MEMBERS CAN I HAVE FOR OUR SHOOT?

Our 'We Are Family' session is intended for immediate family, you and your partner and your children. Should you want to add more family members, we add £25 per member. More people mean more photos!

### I WANT TO PLAN A PROPOSAL, CAN YOU HELP?

Absolutely! We can help plan your proposal and keep it a surprise. We know lots of private spots in Cornwall and will always help you make it super special. We also know lots of incredible businesses that can add even more surprises to your proposal.

### CAN MY PARTNER COME TO MY MATERNITY SHOOT?

Absolutely! We want it to be an experience for both of you, partners are definitely welcome. We usually shoot some photos together at the start of the session, and if you want solo shots, we do these last.

### I DO/DON'T WANT MATERNITY NUDES

We take your lead on what you want out of your shoot, we always recommend looking at images that you love and sending us some examples that show what you envision your shoot looking like. It's entirely up to you if you want maternity nudes, Philly is incredibly supportive and will make you feel comfortable on your shoot either way! If you decide you want some nudes, just let Philly know, we do this in the last 10 minutes of your session and find a secluded spot, bring along some clothes that are warm and quick to throw on!

### CAN WE BRING OUR DOGS?

Yes! We love dogs, they are always welcome as they are part of the family too.

### DO YOU SHOOT OUTSIDE OF CORNWALL?

We shoot all over the UK. For shoots outside of Cornwall, we charge 50p per mile.

### DO YOU OFFER PRINTS?

Yes we can always print your favourites, prices start at £20 per print. We print on fine art paper and can offer all types of sizes.

### WHAT HAPPENS IF YOU CAN'T MAKE IT?

We will always try our best to be at your shoot, if worst came to worst we would get cover for your shoot or you'd be entitled to a full refund, read our contract for details like these!

# NOW LET'S GET YOU BOOKED
